

When you give...

Dollars go back into the pockets of hardworking ALICE families.

The Volunteer Income Tax Assistance Program (VITA) offers free tax preparation and filing to low- and moderate-income individuals, families, persons with disabilities, the elderly, and limited English-speaking taxpayers who need assistance in preparing their own tax returns in York County.

During the 2023 tax season, **seven** sites were established to meet ALICE where they are and provide an in-person opportunity for these individuals to file their taxes.

Thanks to your donation, our ALICE (Asset Limited, Income Constrained, Employed) families received an extra boost on their journey toward financial stability. **2,000 households** were helped through VITA, which equated to **\$1.4 Million** back into the pockets of these hardworking households.

Every dollar counts. This year we are perfectly positioned to help these families even more than before. **Donate today to be part of their story!**
